Virginia Commonwealth University

Richmond, VA

Dietetic Internship Program

SUNY Plattsburgh

Plattsburgh, NY

B.S. in Nutrition, with a minor in chemistry

Technical Projects

- Created a Full Stack macro/calorie calculator and recipe API using React for the front end along with Node.js, Express, and PostgreSQL to build the back end. This project is currently deployed on Heroku at: <https://macro-recipe-weight-client.herokuapp.com>
- Created a responsive website portfolio using HTML, CSS, JavaScript, and Bootstrap to showcase my skills to friends, family, and employers. <https://jflood215.github.io>
- A group project that utilizes Git, Typescript and React legacy code with class components along with Node.js, Express, Material UI and PostgreSQL to develop a Full Stack web app for music lovers. <https://redvinyl-music.herokuapp.com>
